# CCMEC 2022

**November 14<sup>th</sup>-15<sup>th</sup>, 2022**

CCMEC is very pleased to be back following a two-year postponement to eagerly reconnect once again with all stakeholders. The previous successful conventions would not have been possible without the support and participation of our sponsors, exhibitors, speakers, and delegates investing their time and effort to the initiative.

The vision for CCMEC is to be one of the international conventions of choice, which will establish central Canada as a global centre for exploration and mining.

In focussing on bringing investment to central Canada by facilitating direct links between prospectors, companies, government, academia, Indigenous communities, and investors, the convention will showcase our region's rich mineral endowment from critical minerals to precious metals and everything in between, while highlighting innovation and advancements in the sector.

Sponsorship support is key to hosting a great convention, and we are pleased to invite you to participate in CCMEC 2022. The provided guide details a variety of sponsorship levels to enhance your company's profile and acknowledge your generous contributions.

We look forward to seeing you in November!

- CCMEC Committee
